

Why trust Zix to enhance your Office 365 environment?

By 2022,

Gartner Research estimates

“more than **70%** of enterprises”¹
will be using cloud office tools.

Many of those organizations have already migrated to the cloud and selected Microsoft Office 365 for their service. But they're also evaluating ways to enhance their Office 365 security.

Here's why you can trust Zix:

More than

19,000 ORGANIZATIONS

use Zix solutions, including:

30 PERCENT
of U.S. banks

More than
1,200
U.S. hospitals

We have more than

of hosted experience

(That's before Office 365 was even a glimmer in Microsoft's eye.)

We offer 3 critical solutions

to enrich Office 365 security

Email Archiving

Advanced Threat Protection

Email Encryption

In 3 steps or less, we can have your added security up and running

Have a complicated, hybrid environment?

No matter, we've seen it all.

No matter your need or question, our support team is available

24/7/365
